Where will your LimeGreen journey begin?

# shaping spaces

We are not just focussed on supplying top quality local and international floor and wall products, we are also passionate about creating awe-inspiring life and work spaces.

At LimeGreen, we partner with you each step of the way. From idea generation and concept, to planning and application and, finally, the installation. We collaborate with experts in every field and each product we use offers the best quality and is governed by the latest trends from around the world.

Whether you are refitting a small bathroom, or redesigning your entire home or work place, LimeGreen has the right solution for you. Our diverse range of products are sourced to suit the most beautiful homes, as well as the most demanding commercial spaces.

So, if you are looking for inspiring floor and wall solutions to transform and elevate your life or work spaces, engage with LimeGreen. Together, we will bring your ideas to life!

**idea generation & concept**

Shaping a beautiful space starts with an idea and must reflect your aspirations. Our team of product experts and sourcing specialists can help you generate a concept that captures the beauty, functionality and essence of your life or work.

**shape & plan**

Speak to our specialised team about how to take your idea and turn it into a breathtaking LimeGreen space. We offer full planning, product selection and advisory services.

**sourcing & supply**

We are uniquely positioned to source the best tiles and flooring finishes from top local and international suppliers, offering you the latest in trends and design, correctly priced and quality guaranteed.

**partnerships & collaboration**

LimeGreen offers everything that a designer, architect or construction specialist needs to turn the perfect design into the perfect finished product. Chat to our in-house team about how we can assist you make your masterpiece a reality.

**install & create**

We are aligned with the best building contractors, installers and specialists in the industry to ensure that the design on paper translates into a unique LimeGreen space that leaves you completely satisfied with the finishing and quality.

Every awe-inspired space is a shade of LimeGreen!

## Where new trends meet island style.

LimeGreen's product specialists worked closely with the architects and interior designers to create a new look for the St Regis Hotel in Mauritius, which now offers a wonderful combination of modern shapes and the latest trends in flooring, intertwined with the old-world island style and a touch of the colonial.

All tiles were sourced, supplied and installed by our teams and the end result is awe-inspiring.

Abkid (Dubai) on behalf of

Contractor:  
Limbada & Limbada (Mauritius)

Interior Designer:  
DSGN (South Africa)

Tile Range:  
Natural Stone Black & White Marble

Surface Look:  
Polished

what  
is a life  
space?

It's a space where we share special moments with friends and family.  
Within these spaces we must become inspired, motivated and recharged.  
The physical space within which one lives and moves has a very great effect on your life.

This is why it is so important to shape your life space to reflect who you are.

*"The home  
should be the  
treasure chest  
of living."*

**Le Corbusier**  
Pioneer in modern architecture  
and urban planning.

what is  
a work  
space?

We perform at our optimum in these spaces.  
We engage with the world and form professional relationships.  
These are our spaces to be efficient and productive.  
They reflect our abilities, personalities and attitudes.  
The spaces we occupy shape who we are and how we behave.

Therefore, they need to be energetic, empowering and visually inspiring.

*"Form and  
function should  
be one, joined  
in a spiritual  
union."*

Frank Lloyd Wright  
Architect and interior designer.

## There is no size limit to a life space.

Apartment B showcases how a 55m<sup>2</sup> apartment on the 4th floor can become an awe-inspiring life space.

This project was a creative collaborative journey between LimeGreen and Onnah Design, and made use of vinyl cladding for the walls and oak flooring, coupled with a simple modern interior design.

Oak Range:  
Lorraine 190 oak

# oak

A high-quality hardwood floor can not only uplift the look of your life or work space, giving a warm and inviting feel and adding value to your home.

Oak naturally integrates with any look and allows for beautiful matching of a wide range of decor styles, from modern and chic, to old-world and timeless. What's more, with the right care, good quality wooden flooring can last for years.

All the wood supplied by LimeGreen is responsibly sourced and we pride ourselves on the quality of our raw timber. The wood is treated and expertly prepared, and our wood-specialist team provides exceptional workmanship throughout the installation phase.

We specialise in supply and installation solutions for all wooden flooring and ceiling requirements, including engineered oak planks, solid oak and various other specialised rare wood products.

With pre-oil or oil-on-site options, we are able to provide a timber solution to meet almost any design aesthetic.

#### Sustainable Sourcing

Minimising the environmental impact of our products and operations is a crucial element of LimeGreen's approach to business. All our wood products are sustainably sourced. We also constantly strive to reduce our carbon footprint by improving waste management, and reducing water and energy consumption.

## Creativity comes alive in the new-look Nando's stores in Johannesburg and Cape Town.

Fun with Nandos and their interior design partners produced this vibrant interior where the tiles became an artwork.

We took on the exciting challenge of using our products in a unique way and the results were magnificent. We used vinyl flooring, porcelain tiles and oak flooring all in one space and pushed the designs to the max by combining different tile colours, shapes and sizes.

# porcelain tiles

LimeGreen brings you the finest quality porcelain and ceramic tiles, carefully sourced and supplied from selected locations around the world. Our comprehensive range of tiles, from the most robust and specialised porcelain floor tiles to the finest decorative ceramics, will suit any project type.

With access to over 100 top factories worldwide, offering the latest in international trends and fashions, we consider ourselves leaders in our field.

*If your space is the canvas, then porcelain tiling is the paint.  
The possibilities are endless! Get in touch to find out more about our  
extensive combination of designs, colours, textures, shapes, finishes  
and sizes.*

## Working together to shape the perfect life and work spaces.

At LimeGreen, we collaborate with many of South Africa's leading designers, architects, building and construction specialists, working together to shape the perfect life and work spaces.

The Discovery building in Johannesburg is one that truly takes your breath away. The design of this 110,000m<sup>2</sup> landmark corporate facility, located in Sandton, aimed to inspire and motivate both staff and visitors alike.

The project was a creative collaborative journey between LimeGreen and Boogertman and Partners architects. Taking over a year to complete, it is one of the showpieces within the LimeGreen portfolio and demonstrates how rewarding a journey with LimeGreen can be.

### Project specifics:

# luxury vinyl tiles

This best-in-class luxury vinyl tile range was developed exclusively by LimeGreen in conjunction with an international factory of the highest quality.

Extremely popular in commercial and domestic environments, LEGNO provides a soft, durable and cost-effective alternative to natural timber. With an embossed surface, bevelled edges and a German-engineered Välinge click system, the LEGNO range exudes a subtle, natural character that is of the highest quality.

The tiles are available in SupaClick (boasting a valinge lock system), Supastick and Home.

*These exquisite wood effect wall and floor tiles, with colours to match your perfect space, can be used just about anywhere. And, being waterproof, they are an excellent solution for the kitchen and bathroom.*

**Breathe Easier About Your Flooring**

All of our luxury vinyl tiles have been tested for formaldehyde emissions and levels.

## Appeal vs practicality.

Gyms are busy centres for health, fitness, social engagement and personal wellbeing ... and a tough environment for floors and walls! But high traffic, physically demanding environments can still be attractive and inspiring, as LimeGreen's solution for the Viva Gyms demonstrates.

Both practical and aesthetically pleasing, the flooring and claddings perfectly compliment this energetic get up and go space.
